EMPLOYEE STORY

Mahendra Shah Zonal General Manager - SBU 2

I started my career with Navneet on 8th October 1987 at Gomtipur, Ahmedabad. I began the journey with publications editorial division headed by Shri Shantibhai Gala as the very 1st employee of the same.

I was undergoing my graduate years and working along with studies at Navneet brought immense hands on experience and I truly owe the enriching experience to Shantibhai. He has been a true role model and an inspiration whom I look up to as a mentor. He always ensured to pass on and imbibe the organizational values and culture to each employee at every level of the company which sets him as an inspiring leader. I believe, there couldn't be a better start to my career at such an early stage and will always remain thankful to Shri Shantibhai for the same.

Within 5 years of working with Navneet, I was managing the artist division at publications, which involved managing end-to-end solutions i.e. from reviewing scripts shared by authors to sending books for final production. Thus, 1989 proved as a breakthrough year for my early career.

In 1994/1995, I got another splendid opportunity from Shantibhai & Sandeepbhai to get involved in the Realty business of Gala family. I started my career in construction sector with Basant Bahar, which happens to be a remarkable landmark of Ahmedabad residential development. With immense amount of trust and guidance received from Shantibhai and Sandeepbhai, I thoroughly enjoyed my journey in realty business and I was ready to take up another set of challenges and responsibilities came along with heading Purchase division.

My career took a new stride once again when Children's book division got established in 1997/1998 at Navneet and I was asked to head the same. Under the guidance of Sandeepbhai, I grabbed the opportunity to explore new sets of learning. The biggest challenge I faced with children books division was developing new products, managing sales

of books, communicating with various book sellers and offering customer responsive products. During my initial time at childrens book division, Shri Chhotubhai Gala's guidance on how to sell, develop and manage business relations with book sellers helped to a great extent.

In 2009 I was appointed as head of the Purchase division at Gala Group by Sandeephhai Gala & Kalpeshhhai Gala. Procuring building materials and developing an efficient purchase team has been a fulfilling journey. The journey wouldn't have been smoother and significant without guidance and support from Sandeephhai & Kalpeshhhai. I value their vision of cultivating team building culture across organization.

My 32 years at Navneet and Gala Group has been an absolute blissful and eventful journey. It wouldn't have been same without the trust and guidance received from Gala family. I resonate and respect the organizational values we carry at Navneet and will always be proud of being a family member at Navneet family. I am thankful to the entire Navneet family for believing in me and giving me opportunities to learn and prosper.

I am grateful to each and every team member I have worked with in SBU 2 and Gala Group. The team members are an essential part of my journey, as without their support the journey wouldn't have been as rewarding as it is.

I believe being adaptive to the new opportunities, challenges, and giving 100% to each new responsibility assigned and always working with co-workers as a Team are the key takeaways I would like to share from my journey so far. Looking forward to joyous journey ahead at an organization I call my family!

MANAGEMENT LESSON

One fine day, a bus driver went to the bus garage, started his bus, and drove off along the route. No problems for the first few stops - a few people got on, a few got off, and things went generally well.

At the next stop, however, a big hulk of a guy got on. Six feet eight, and built like a wrestler. He glared at the driver and said, "Big John doesn't pay!" and sat down at the back.

Did I mention that the driver was five feet three, thin, and basically meek? Well, he was. Naturally, he didn't argue with Big John, but he wasn't happy about it. The next day the same thing happened - Big John got on again, made a show of refusing to pay, and sat down. And the next day, and the next.

This grated on the bus driver, who started losing sleep over the way Big John was taking advantage of him. Finally he could stand it no longer. He signed up for body building courses, karate, judo, and all that good stuff.

By the end of the summer, he had become quite strong and fighting-fit; what's more, he felt really good about himself.

So on to the next Monday. Big John once again got on the bus and said, "Big John doesn't pay!"

The driver stood up, glared back at the passenger, and screamed, "And why not?"

With a surprised look on his face, Big John replied, "Big John has a bus pass."

"Be sure there is a problem in the first place before working hard to solve one."
